4th International conference on “Leading Digital Disruption”

Date: 4th and 5th November, 2022 (Online Mode)

Digital disruption is the change that occurs when the new digital technologies and business models affect the value proposition of the existing goods and services. In today’s fast changing VUCA world the ability to successfully engage with this disruption can be the difference between the market driven companies and market driving companies. At some point digital disruptions will completely change markets due to their ripple effects, while a fad will not. Consider how digital TV initially impacted analog television, and how Netflix subsequently exploited digital content to completely disrupt the entertainment industry. Broadly digital disruptions affect business, technology, industry and society. Efficiency, transparency, and productivity of business depends on how the organization is dealing with digital disruption which is the necessities of the future of the organization.

This conference will deliberate on several business pillars pertaining to general management, finance, marketing, human resource, information technology and entrepreneurship. Scholarly, conceptual, empirical papers that address the conference theme will be published. We invite the Academicians, industry Professionals, Research Scholars and students to participate and present Research Paper in the International Research Conference. The Call for Papers is open, but not limited, for the following themes:

- **Digital Markets:** Product innovation, Personalization of customer relations, e-CRM, Customization of services, Role of procurement in digital age, e-commerce, e-tailing, Sentiment analysis, Predictive analysis.
- **Digital Human Resource and Retaining Human Element:** HR in digital transformation, AI for Talent acquisition and retention, Blending Humanity with digital revolution, Digital workforce.
- **Digital Finance:** Fintech, Digital currencies, NFTs, Digitalization in banking, Digital finance, UPI.
- **Environmental & Societal Digitalization:** Environmental sustainability and good governance, Digitalization for sustainability, Societal disruption, Social inclusion, Sustainable digitized societies, Digital divide
- **Technological aspects:** AI & ML, Future of Homo sapiens-Homo Digitalis, IoT, Big data analytics, Cloud computing, Metaverse, AR & VR, ML, Blockchain, Digitizing innovation, Digital SCM & logistics.
- **Post-pandemic Sustainable Business Strategies:** Digital business strategy, E-commerce, B2B / B2C / B2B2C, Digital Revolutions in public finance, Metaverse, Digitalization in education, Online universities and Hybrid learning, Digitalization in Healthcare, Agri-business, International business, Biotechnology, Hospitality.
- **Ethics & Legal aspects of Digitalization:** Privacy in the digital age, Human rights, Persuasive designing, E-governance, Digitalization and IPR laws, Digital protectionism through digital tariffs.

Publication Opportunity:

Authors of high-quality selected full conference papers would be invited to submit their full manuscripts for publication in the SCOPUS and/or UGC indexed journal. All accepted and presented papers will have an opportunity to publish in “VICHAYAN – Online International Journal of

Multidisciplinary Research “ISSN: 2583-0865” published by the institute. The conference offers publication opportunity with following journals:
