Hello Reader!
Greetings!

***I am a teacher, a guide and a mentor.** I have chosen training as my career and I am very happy about it after spending more than 12 years in training. I love the live and extempore nature of trainings. I have been learning the art of teaching through every session and have been enjoying this un-ending journey. My experiences of training are transforming me into a better trainer day by day.*

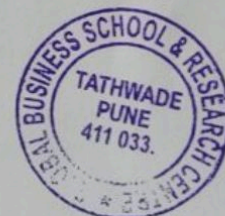

I am a target oriented person. I value time a lot. I can wait patiently at times and quickly can take decisions too when needed. I am a team player and a team leader. I am managing a project titled – 'my life'!

I am a certified Pranic healer and psychotherapist by interest, a poet by nature and a trekker by passion. Above all, I think I am a human by values and roots.

I welcome you to know more about me! 😊
