- For General category, candidates should have minimum score of 50% and Reservedcategory should have minimum 45%
- For Non Resident Indian, candidates who have passed their 10 + 2 exams or
   equivalentfrom foreign nations and are recognized in India are also eligible to apply
- Students have to appear for DPU ALL INDIA ENTRANCE TEST (AIET) to be eligible for
   Personal Interview and counselling for admissions for BBA at GBSRC

# Grading System for Programs under Faculty of Management:

**Grade Points:** The Faculty of Commerce and Management, Dr. D. Y. Patil Vidyapeeth (Deemed to be University) has suggested the use of a 10-point grading system for all programs designed by the various Board of Studies. A grading system is a 10-point system if the maximum grade point is

10. The system is given in Table I below.

Table I: The 10-point Grading System Adapted for Programs under FMS

| Grade            | О    | <b>A</b> + | A    | <b>B</b> + | В    | С    | D    |
|------------------|------|------------|------|------------|------|------|------|
| Grade Point      | 10.0 | 9.0        | 8.0  | 7.0        | 6.0  | 5.0  | 0.0  |
| Marks            | 100] | 79]        | 69]  | 59]        | 54]  | 49]  | 39]  |
| Range of Percent | [80, | [70,       | [60, | [55,       | [50, | [40, | [00, |

Formula to calculate GP is as under:

Set x = Max/10 where Max is the maximum marks assigned for the examination (i.e. 100) Formula to calculate the individual evaluation

| Range of Marks          | Formula for the Grade Point |
|-------------------------|-----------------------------|
| 8x ≤ Marks≤10x          | 10                          |
| $5.5x \le Marks \le 8x$ | Truncate (M/x) +2           |
| $4x \le Marks \le 5.5x$ | Truncate (M/x) +1           |

## Scheme of Examination:

For BBA, Courses having Internal Examinations (IE) and University Examinations(UE) shall be evaluated by the respective constituent units and the University at the term endfor **50** (**Fifty**) and **50** (**Fifty**) marks each. The total marks of IE and UE shall be 100 Marks and it will be converted to grade points and grades. For Comprehensive Continuous Assessment (CCA) –

The subject teacher may use the following assessment tools:

- a) Class Tests
- b) Presentations
- c) Assignments
- d) Case studies
- e) Field Assignments and
- f) Mini Projects

#### **Award of Honors:**

Students/Learners who have completed the minimum credits specified for the Program shall be declared to have passed in the program. The final result will be in terms of letter grade only and is based on the CGPA of all courses studied and passed.

The criteria for the award of honors are given below.

| Range of CGPA  | Final Grade | Performance Descriptor | Equivalent Range of Marks (%) |
|----------------|-------------|------------------------|-------------------------------|
| 9.5≤CGPA ≤10   | 0           | Outstanding            | 80≤Marks≤100                  |
| 9.0≤CGPA ≤9.49 | A+          | Excellent              | 70≤Marks≤80                   |
| 8.0≤CGPA ≤8.99 | A           | Very Good              | 60≤Marks≤70                   |
| 7.0≤CGPA ≤7.99 | B+          | Good                   | 55≤Marks≤60                   |
| 6.0≤CGPA ≤6.99 | В           | Average                | 50≤Marks≤55                   |
| 5.0≤CGPA ≤5.99 | С           | Satisfactory           | 40≤Marks≤50                   |
| CGPA below 5.0 | F           | Fail                   | Marks below 40                |

## **ATKT Rules:**

For admission to Semester V of BBA Third year, Students/Learners should

pass all the courses under Sem I and II.

• For admission to Semester VII of BBA Fourth year, Students/Learners should pass all the courses under Sem, III and IV.

# Types of Courses:

**DSC- Discipline Specific Core:** These courses are essential and must be taken by students as a core requirement to fulfill the degree requirements in their chosen discipline of study.

**DSE- Discipline Specific Elective:** An elective course is a course that students can choose from a selection of available courses. When an elective course is offered by the main discipline or subject of study, it is referred to as a Discipline Specific Elective (DSE) course. DSE courses aim to develop broad skills and competencies among students. The institute has the flexibility to offer courses based on targeted industry linkages, considering sectoral requirements and networking at the college level. Students have the option to select one specialization from five different areas. In their second and third years, students will study a total of eight courses. DSE courses play a significant role in developing discipline-specific knowledge and nurturing the proficiency and skills of the students.

**SEC - Skill Enhancement Courses :** Students have the option to choose these courses from a diverse range of options, carefully designed to offer value-based and skill-based instructions. The pool of courses aims to provide students with a well-rounded education that not only imparts theoretical knowledge but also focuses on developing practical skills and instilling strong values. These courses are tailored to equip students with the necessary competencies and attributes to succeed in their chosen fields and make a positive impact in society.

**AEC- Ability Enhancement Course:** Ability Enhancement Courses (AEC) aim to hone the social and leadership skills that are crucial for students to succeed in their professional and personal lives. These courses are designed to help students enhance their skills in communication, language, and personality development. They also promote a deeper understanding of subjects like social sciences and ethics, culture and human behaviour, human rights and the law.

**VBC- Value Based Courses:** Value Based Courses aims at training the student to face the outer world with the right attitude and values. It is a process of overall personality development of a student. It includes character development, personality development, citizenship development, and spiritual development.

# SYLLABUS FOR BRA-PROGRAMMES Administration Degree offers the following Elective

- A) Marketing Management (MM)
- B) Accounting and Finance (AF)
- C) Human Resources Management (HRM)
- D) International Business (IB)
- E) Entrepreneurship and Family Business Management (EFBM)

## Dissertation/Project for DSE Courses:

A dissertation/project in DSE courses refers to an elective course specifically designed to acquire specialized or advanced knowledge. It serves as a supplementary or supportive study to a project work, with the guidance and support of a teacher or faculty member. The dissertation/project provides students with an opportunity to delve deeper into a particular subject or area of interest, conducting independent research or practical work under the mentorship of an advisor.

| Course Objectives  |         |                      |       |

- Course Objectives:

  To understand basic concepts of mathematics required for business.
- To study progression.
- To understand the profit & loss in business environment.
- To impart knowledge about determinants & LPP

## **Course Outcomes:**

At the successful completion of the course the learner will be able to

| CO No. | <b>Blooms Level</b> | Course Outcomes   |  |
|--------|---------------------|---|--|
| 102.1  | Remembering         | <b>IDENTIFY</b> arithmetic, geometric & harmonic progression. |  |
| 102.2  | Understanding       | <b>DESCRIBE</b> types of metrics & determinants               |  |
| 102.3  | Applying            | CALCULATE percentage, interest, ratio & proportion etc        |  |
| 102.4  | Analyzing           | ANALYZE the value of shares.                                  |  |
| 102.5  | Evaluating          | <b>DECIDE</b> profit and loss                                 |  |
| 102.6  | Creating            | <b>DESIGN</b> DESIGN graphical solutions to LPP               |  |

### **Course Objectives:**

- To understand basic concepts & importance of statistics.
- To improve student knowledge on statistical techniques.
- To understand & interpret the data

### **Course Outcomes:**

At the successful completion of the course the learner will be able to

| CO No. | Bloom's Level | Course Outcomes  |  |
|--------|---------------|--|--|
| 202.1  | Remember      | <b>Tabulate</b> and present the data   |  |
| 202.2  | Understand    | Understand the basic concepts of statistics.                                       |  |
| 202.3  | Apply         | Calculate statistical measures, correlation and regression coefficient             |  |
| 202.4  | Analyze       | Analyze various approaches for decision making.                                    |  |
| 202.5  | Evaluate      | Estimate permutations & combinations   |  |
| 202.6  | Create        | <b>Draw</b> network diagram and calculate the expected time for project completion |  |

| Unit   | Sub unit  | Skills/ Competencies  | L+T |
|--|---|---|-----|
| I<br>Data<br>Presentation                      | Classification and tabulation of data: Frequency Distribution- Univariate, Individual Observations, Bivariate / Two-way frequency distribution, Discrete frequency distributions, Continuous frequency distributions, Tabulation and structure of tabulation, types of tables. Diagram and graphic presentation of data – Histogram, Frequency polygon, Ogives or cumulative frequency curves | Demonstrate competence in data presentation.                  | 8+1 |
| II Permutations, combinations and Inequalities | Permutations, combinations and Inequalities: Permutations Definition, Permutations of different things, and permutations of n things not all different, Permutations, where repetitions are not allowed, Combinations – definition, Combinations of different things, Inequalities: Graph of Linear Inequalities in two variables, Solution sets, System of inequalities or in equations      | Exhibit skills in calculation of permutations & combinations. | 8+1 |

| II   | BB207      | Basics of Excel  |    |
| Type of<br>Course  | Credits    | Evaluation Marks |    |
| SEC-2  | 02         | IE (50)          | 50 |

# **Course Objectives:**

- To understand basic concepts of MS Excel.
- To study basic formulas and functions in MS Excel.
- To understand the application of filters, charts and tables.
- To impart knowledge about formats, layout & Pivot table in MS Excel.

# **Course Outcomes:**

| CO No. | Bloom's Level | Course Outcomes  |
|--------|---------------|--|
| 207.1  | Remember      | <b>REMEMBER</b> the excel shortcuts and perform mathematical functions in MS Excel |
| 207.2  | Understand    | <b>EXPLAIN</b> the basic environment of MS Excel                                   |
| 207.3  | Apply         | USE filters, chart, formats and layout in MS Excel                                 |
| 207.4  | Analyze       | CATEGORIZE the data in MS Excel  |
| 207.5  | Evaluate      | SUMMARIZE large amount of data in MS Excel   |
| 207.6  | Create        | DRAW Pivot tables & charts in MS Excel   |

| Unit                             | Sub unit   | Skills/ Competencies                                | Lectures +<br>Tutorials |
|----------------------------------|--|---|-------------------------|
| I<br>Introduction<br>to MS Excel | Introduction to Excel: About Excel, Features of MS-Excel  The Excel Environment: Quick Access Toolbar, Title Bar, Ribbon Tabs, Name Box, Formula Bar, Scroll Bars, Status Bar, Page Views, Zoom Tool. Ribbon Display Options Button, Excel Workspace, Cells.                                     | Demonstrate competence in fundamentals of MS Excel. | 4+2                     |
|                                  | Creating Worksheets and Workbooks: Creating and Renaming Worksheets, Saving Workbook, Copying and Moving a Worksheet. Inserting and Deleting Rows and Columns, Inserting Header and Footer in a Worksheet.  Formatting Cells: Selecting Cells, Entering Text and Numeric Data into the Cells, 10 |   | Page                    |

| SYLLABUS FOR E                              | Applying Fonts and Background Colour, Aligning Data, Merging Cells, Text Wrapping, Number Formatting – Text, Percentage, Currency, Dates. Creating Series, Resizing Columns Width and Rows Height.   |  |     |
|---|--|--|-----|
| II Excel Formulas and Functions & Tables    | Excel Shortcuts: Making use of Excel Keyboard Shortcuts.  Performing Basic Mathematical Operations using Formula, Sum, Percentage, Subtraction, Multiplication, Division, Count, Average. Formatting Text using Different Text Functions, If Function, Logical Functions - And, Or, Not.  Tables - Creating a Table, Applying Styles to Tables, Adding and Editing Records, Inserting Records and Fields, Deleting Records and Fields. | Demonstrate skills in performing mathematical functions in MS Excel. | 4+2 |
| III   | Filters, Grouping and Charts in Excel-Filtering Records, Sorting Data, Custom Sort, Changing Sort Order,   | Demonstrate skills in preparation of charts in MS Excel.             | 4+2 |
| Filters,<br>Grouping and<br>Charts in Excel | Eliminating Duplicate Records.  Chart Preparation – Creating Charts, Selecting Charts and Chart Elements, Moving and Resizing Charts, Changing the Chart   | III WS Excel.  |     |
| Grouping and                                | Eliminating Duplicate Records.  Chart Preparation – Creating Charts, Selecting Charts and Chart Elements, Moving   | Demonstrate competence in formats & layout in MS Excel.              | 4+2 |

## **Course Objectives:**

- To provide a comprehensive understanding of both basic and advanced concepts of MS Excel.
- To equip students with practical skills in utilizing Excel for data analysis and presentation.
- To enable students to solve real-world business problems using Excel.
- To prepare students for efficient and effective data management in Management decision-making scenarios.

### **Course Outcomes:**

| CO No. | Bloom's Level | Course Outcomes   |  |
|--------|---------------|---|--|
| 306.1  | Remember      | Remember Excel shortcuts and perform mathematical functions                 |  |
| 300.1  | Remember      | proficiently.   |  |
| 306.2  | Understand    | Understand and navigate the Excel environment fluently.                     |  |
| 306.3  | Annly         | <b>Apply</b> various Excel features, formulas, and functions for data       |  |
| 300.3  | Apply         | manipulation and analysis.  |  |
| 306.4  | Analyze       | Analyze data effectively using filters, charts, and Pivot tables.           |  |
| 306.5  | Evaluate      | <b>Evaluate</b> and optimize data presentation through formatting, layouts, |  |
| 300.5  | Lvaiuate      | and advanced features.  |  |
| 306.6  | Create        | Create dynamic reports, dashboards, and presentations for business          |  |
| 300.0  | Create        | insights and decision-making.   |  |

#### **Course Objectives:**

- To synthesize and apply knowledge from various business disciplines, including finance, marketing, management, operations, and strategy.
- To bridge the gap between theoretical knowledge and practical application by working on real-world business problems or opportunities.
- To encourage innovation and creativity in developing business solutions and strategies.
- To foster teamwork and collaboration skills by working effectively in groups, managing projects, and achieving common goals.

#### **About the Course**

#### **BB 308 - Capstone Project -I is Skill Enhancement Course (SEC)**

A capstone project for Bachelor of Business Administration (BBA) students is a critical component of their academic journey, serving as a culmination of their studies. It aims to integrate and apply the knowledge and skills acquired throughout the program in a practical, real-world setting. This project is designed to prepare students for their professional careers by achieving a variety of important objectives:

Integration of Knowledge, Critical Thinking and Problem Solving, Practical Application, Teamwork and Collaboration, Project Management, etc.

#### **Evaluation:**

**Objective:** Undergo internal assessment and review.

**Internal Evaluation (50):** The project will be reviewed by faculty coordinator and possibly external evaluators.

**Feedback:** Receive feedback and grades based on the quality of the research, analysis, presentation, and overall execution. A faculty coordinator will monitor the group activities periodically and do the evaluation through oral presentation, project submission.

| CC  | 4                             | IE (50) + UE (50) | 100   |  |

### **Course Objectives:**

- To develop an understanding of the right approach of Research Methodology and its role in Business
- To develop an understanding of the basic framework of the identification of various sources of information for data collection.
- To develop an understanding of various Designs, Tools and Techniques of Research Study.
- To enable the students in conducting Research work and write Research Paper and Research

### **Course Outcomes:**

| CO No. | Bloom's Level | Course Outcomes  |  |
|--------|---------------|--|--|
| 403.1  | Remember      | <b>Recall</b> important concepts related to the terminologies in research methodology. |  |
| 403.2  | Understand    | <b>Understand</b> the meaning of research and the process involved in it.              |  |
| 403.3  | Apply         | <b>Interpret</b> the meaning of the important concepts involved in research design     |  |
| 403.4  | Analyze       | <b>Analyze</b> the research situation and be able to choose the correct tool to use    |  |
| 403.5  | Evaluate      | Evaluate the results of research findings  |  |
| 403.6  | Create        | <b>Design</b> small research reports based on data collection and findings             |  |

| Unit                        | Sub unit   | Skills/ Competencies  | L + T + P |
|-----------------------------|--|---|-----------|
| I<br>Introduction           | • Introduction to research, Meaning of research, Objectives of research, types of  | Demonstrate competence in recalling   |           |
| to Research<br>Methodology  | research, research process, research problem formulation   | basic concepts of<br>Research Methodology   | 4+1       |
| II<br>Design of<br>research | Research design, features of good design<br>types of research design, Measurement in<br>research, data types, sources of error   | Understanding the basic research process and elements of research design                                  | 7+1       |
| III<br>Sampling<br>Design   | <ul> <li>Census and sample surveys, Steps in<br/>sampling design, types of sample design,<br/>probability and non-probability sampling</li> </ul>  | Interpreting the scenarios of usage of tools of research like the sample, type of data, questionnaire etc | 9+1       |

### **Course Objectives:**

- To synthesize and apply knowledge from various business disciplines, including finance, marketing, management, operations, and strategy.
- To bridge the gap between theoretical knowledge and practical application by working on real-world business problems or opportunities.
- To encourage innovation and creativity in developing business solutions and strategies.
- To develop project management skills, including planning, execution, monitoring, and evaluation of business projects.

### **About the Course**

### **BB 408 - Capstone Project -II** is **Skill Enhancement Course (SEC)**

This capstone project for Bachelor of Business Administration (BBA) students will be the extension of the Capstone Project-I conducted in the previous semester. This project will aim to integrate and apply the extended knowledge and skills acquired throughout the current semester in a practical, real-world setting. This project is designed to prepare students for their professional careers by achieving a variety of important objectives:

Integration of Knowledge, Critical Thinking and Problem Solving, Practical Application, Teamwork and Collaboration, Project Management, etc.

### **Evaluation:**

**Objective:** Undergo internal assessment and review.

**Internal Evaluation (50):** This project will be reviewed by faculty coordinator and possibly external evaluators.

**Feedback:** Receive feedback and grades based on the quality of the research, analysis, presentation, and overall execution. A faculty coordinator will monitor the group activities periodically and do the evaluation through oral presentation, project submission.
